MIEC PARTNERS WITH INDEPENDENT DOCTORS OF IDAHO (IDID)

Supporting Physicians in Private Practice in Idaho

Oakland, CA (1/1/2026) – Following several months of constructive collaboration, MIEC has finalized an administrative services agreement with Independent Doctors of Idaho (IDID). This agreement lays the foundation for a constructive relationship between the organizations, supporting private practice in Idaho, empowering patients with alternatives in accessing care, and aligning physicians with best-in-class professional liability protection and patient safety services.

“MIEC has been defending physicians and supporting private practice in Idaho since 1976. We (MIEC) have consistently sought to reduce costs in healthcare through community partnership, education, and vigorous protection of our members. Independent Doctors of Idaho, and this new partnership clearly aligns with our mission, vision and values. We are truly excited at the possibilities!” Said Wesley Butler, VP of Underwriting, MIEC.

“Formalizing our relationship with an Idaho industry leader like MIEC brings a variety of resources to the members of IDID and to the patients they serve. They (MIEC) have decades of experience in patient safety and risk management, dedicated staff in Idaho, and have successfully defended more Idaho physicians than any other carrier. Aligning IDID with an industry leader like MIEC enables our members to further our mission and empower patients with choices in where they seek their care.” Said Nancy Powell, Independent Doctors of Idaho (IDID).

Independent Doctors of Idaho (IDID) was formed in 2013 as a response to an unprecedented number of Idaho physicians becoming employed by large hospital systems. Today, IDID is an organization of close to 1,000 independent physicians in Idaho that supports physicians and other healthcare providers in private practice, which empowers patients to control their own medical care by providing access to care and alternatives to large hospital systems. MIEC is a physician-owned medical professional liability insurer that has been protecting Idaho Physicians and other healthcare providers since 1976. MIEC provides medical professional liability insurance, risk management, and other related services to physicians, healthcare professionals, medical groups, facilities, and acupuncturists in California, Hawaii, Alaska, and Idaho.

MIEC is rated A- (Excellent) by AM Best. Please visit www.miec.com for more information.
